**April 25, 2023**

**Request For Quote**

SLDA is seeking quotations on the following work:

1. **Brush clearing and sod removal for an extension to the Regional Community Garden at L'Anse au Loup.** The extension dimensions are approximately 250 ft. by 150 ft. Sod and shrub are to be removed with as little disturbance to the topsoil as possible. (Screening of soil may be necessary). Brush and debris are to be removed from the site.
2. **Improvements to the garden entrance and general site cleanup.** The road entrance requires some fill and widening for easier access to the garden. Some debris at the back end of the garden needs to be removed. ( Topsoil mixed with the debris needs to be saved)
3. **Some ditching will be required in some areas of the garden perimeter.**

**Please quote an hourly rate detailing equipment to be used. Pit run fill to be quoted per tandem load.**

Quotes for the above work will be received up to 3:00 P.M. Friday, April 28, 2023.

Requests for additional information may be directed to Russ Hancock 931-2010 or 217-7816.
